

# TURN YOUR WHEAT INTO MORE DOUGH

A successful wheat harvest takes hard work, ideal growing conditions, and a big investment. However, all the hard work in the world won't pay off if the soil lacks the right nutrients, if the weather doesn't cooperate, and if disease and insects compromise yield.

PLANT TUFF® SILICON FERTILIZER WITH TUFF SHIELD® CAN HELP YOUR WHEAT CROPS FIGHT BACK.  
PLANT TUFF:

- FEATURES SILICON, A BENEFICIAL SUBSTANCE THAT HELPS MANY PLANTS GROW STRONGER
- HELPS DEVELOP LARGER AND MORE EXPANSIVE ROOT SYSTEMS
- HELPS MANY CROPS RESIST DISEASE AND INSECTS
- HELPS PLANTS CONTINUE TO THRIVE IN DROUGHT CONDITIONS
- INCREASES YIELDS OF UP TO 15% GREATER

When you need to maximize the productivity of your wheat crops, you knead Plant Tuff to turn your wheat into more dough.
